Anatomical back shell, removable

Trendy design

Perfect adjustment of lower leg length

Ultra flexible- a seat that grows with you

The rolling lightning

EFFICIENCY

- "Grow with you" wheelchair design reduces care costs
- Great versatility when it comes to adjusting the sitting position and the handling characteristics
- Rapid, long-term supply of spare parts thanks to extensive network of specialist retailers
- Excellent possibilities for reuse

THERAPEUTIC BENEFIT

- Flexible seat unit for perfect adjustment to the individual measurements of the child
- Adapter allows adjustment of seat depth to the front
- Telescopic back unit for adjustment of 45 mm to the back; ideal for seat shell care
- Low weight, anatomical seat unit and maximum variability for ideal handling
- Enormous amount of leg room at the front due to standard abduction frame
- Very easy to adjust to any necessary changes resulting from growth or a change in functions
- Length for calf progressively adjustable up to 200 mm

FIELD OF USE

- For active children and youths
- For domestic use and leisure activities
- For children of kindergarten, pre-school and school age

Hints

Our Terms and Conditions as stated at www.meyra.de/AGB shall apply

You can find information on the measurement process at www.meyra.de/messverfahren

When transported in public transport (e.g. train), the dimensions of the wheelchair may be higher than the guide values of the transport company. Please inquire in advance.

Valid from 01.01.2024 – 31.12.2024.

Errors, misprints and changes reserved.

Use our K.I.S.S.S. for orders and configurations at www.kisss-by-meyra.de

You avoid queries and incorrect orders thanks to the buildability check
