SystemRoMedic™

SystemRoMedic™ is the name of Direct Healthcare Group's unique easy transfer concept, the market's widest and most complete range of clever, easy-to-use and safe assistive devices for all types of patient transfers and manual handling requirements.

The concept encompasses assistive devices for four different categories of transfers:

Transfer: for sitting and lying.
Positioning: for lying and sitting positioning.
Support: from lying to sitting, sitting to standing and walking.
Lifting: for manual and mechanical lifting of users.

We help you to transform dangerous situations, yellow or red, to safe patient handling, green.

This flyer provides an overview of a selection of our transfer and lifting aids. For more information, and to see all available devices and solutions, please visit our website www.directhealthcaregroup.com.
