# AMF-BRUNS CASSETTE LIFT K70

The ultra-slim AMF-Brunns cassette lift for the side loading door

The lateral access option with the flat side edge of the lifting platform saves space when driving up with the wheelchair.

The ultra-slim cassette lift K70 offers even more ground clearance as the previous model.

## THESE FACTS MAKE ALL THE DIFFERENCE

- » Load capacity 300 kg, complies with EN 1756, II
- » Ultra-slim design (70 mm) guarantees ultimate ground clearance
- » Illuminated controls, waterproof and shockproof (!)
- » Automatic roll-off barrier (also operates on uneven roads and snow)
- » Powerful, quiet action ensures smooth operation of the lifting platform
- » Large lifting platform with side access; also suitable for large electric wheelchairs
- » Fully closed stainless steel cassette offers safe protection of the lift system, even in extreme weather conditions
- » No changes to the car body necessary
- » Manual emergency operation with hand pump
- » Vehicle interior remains unchanged
- » Original step remains
- » Original tank is replaced by an AMF-Brunns Tank (installation only possible on vehicles with diesel engine)
- » EMC tested according to EU regulations

## TECHNICAL DATA

» Height	70 mm	» Deploying/ stowing	approx. 12 sec.
» Load capacity	300 kg	» Control	By push buttons
» Platform size	approx. 760 x 1,200 mm	» Power	Lifting and lowering electro-hydraulic 12 V; deploying and stowing by rack and pinion drive 12 V
» Unladen weight	approx. 170 kg	» Optional	Bluetooth remote control including app operation (iOS and Android)
» Lifting time	approx. 7 sec.		
» Lowering time	approx. 7 sec.		

## MAXIMUM SAFETY

- » Automatic roll-over flap prevents the feet from being trapped when the platform is lifted
- » Fully automatic roll-over protection barrier
- » Two LED flashing lights that switch on automatically warn in poor visibility conditions
- » Safety switches prevent incorrect operation while driving
